Executive Summary

Introduction

Every school has its own story to tell. The context in which teaching and learning takes place influences the processes and procedures by which the school makes decisions around curriculum, instruction, and assessment. The context also impacts the way a school stays faithful to its vision. Many factors contribute to the overall narrative such as an identification of stakeholders, a description of stakeholder engagement, the trends and issues affecting the school, and the kinds of programs and services that a school implements to support student learning.

The purpose of the Executive Summary (ES) is to provide a school with an opportunity to describe in narrative form the strengths and challenges it encounters. By doing so, the public and members of the school community will have a more complete picture of how the school perceives itself and the process of self-reflection for continuous improvement. This summary is structured for the school to reflect on how it provides teaching and learning on a day to day basis.

Description of the School

Describe the school's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school serves?

Rosalie is a K-8 school set in a small, rural community on the northern side of Sand Mountain between the Pisgah and Flat Rock communities. Rosalie School has an average attendance of 184 students. The vast majority of the student population at Rosalie School identify as Caucasian, making up the largest segment of the student body. Males outnumber females at Rosalie School. The majority of students are considered at or below poverty level. As a result, Rosalie has qualified for a program that provides free breakfast and lunch to all students. The effects of poverty is one of the greatest challenges facing Rosalie School and the Rosalie community.

The school is the hub of a small community. Rosalie receives support from the Rosalie Community Club and local churches. Although Rosalie has experienced devastation more than once from tornadoes, the community has held together and strengthened in the midst of tragedy. The Rosalie community continues to rebuild (churches, stores, homes, etc.) after the latest tornado damage.

Rosalie's most important goal is to maintain academic excellence. Classroom teachers participate in professional development each year to continually improve teaching methods. Our full-time reading specialist trains and assists teachers to meet the diverse needs of all students. Rosalie faculty holds the following degrees: Bachelor's (5), Master's (9), and Ed. S. (2). Every teacher at Rosalie is considered to highly qualified.

School's Purpose

Provide the school's purpose statement and ancillary content such as mission, vision, values, and/or beliefs. Describe how the school embodies its purpose through its program offerings and expectations for students.

Rosalie Elementary School Purpose:

At Rosalie Elementary School, our purpose is to prepare our students for high school and beyond. We feel it is our duty to instill in our students not only a strong academic foundation, but a positive self-image and to bring forth a sense of preparedness so that our students will be able to contend with any challenge, come what may.

Rosalie Elementary School Mission:

"Taking pride in all we do"

Rosalie Elementary School Beliefs:

We believe all students can learn and achieve.

We believe mastery of basic skills is a priority.

We believe a challenging curriculum is important.

We believe an effective education requires active participation and cooperation from students, family, staff and community.

We believe our students should come first.

We believe our students should be able to attend a school that is safe, orderly, and attractive.

We believe the environment at our school should provide students the opportunity to learn, have fun, and be challenged.

We believe all students should be given the opportunity to learn from a highly educated and caring teacher.

We believe every employee should model moralistic behavior, a strong work ethic, and a commitment to academic achievement.

We believe all students should be taught the value of work, and should take ownership of their education.

We believe student assessment is directly linked to school assessment.

Notable Achievements and Areas of Improvement

Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.

Notable Achievements

Over the last three years, Rosalie School has undergone several improvements to enhance learning opportunities for our students, to improve the physical appearance of our campus, and to ensure the safety of students and faculty.

We have implemented the Eureka Math program, close reading and writing strategies, STEAM/STEM, and grades 5-8 have started a Robotics program. We have also implemented an Advocacy Program designed to provide our students with academic, social, and emotional support.

Our computer lab has increased the number of computers, desktop and laptop, available for student use. In addition, a new laptop cart has been purchased to store and charge laptops.

Improvements to the physical appearance of the school include the completion of the new foyer entrance to the old gym. Both gyms have improved floors. The old gym was completely redone and sealant was added to the new gym floor.

Improvements to ensure safety include our new drop-off and pick-up policy. Buses load and unload at the main entrance of the building. Parents now remain in their vehicles and drive on a designated road for student drop-off or pick-up. Student drop-off and pick-up are supervised by school faculty and staff.

In Need of Improvement

According to 2017 ACT Aspire results, all subjects except writing and English showed a drop in student performance compared to 2016 Aspire results. Reading scores went from 40% in 2016 to 34% in 2017. Science scores went from 40% in 2016 to 34% in 2017. Math scores went from 49% in 2016 to 42% in 2017. We will continue to make improved test scores in all areas a top priority by following the goals and objectives outlined in the Continuous Improvement Plan.

Another area in need of improvement continues to be our stakeholder involvement. This area has consistently been a weakness according to stakeholder surveys and we are continuously looking for ways to improve stakeholder communication. The school website has been updated to a new, dynamic interface and will utilize the district mass notification. Teachers are also encouraged to utilize social media and classroom notification systems to keep parents informed and involved in their child's education.

Additional Information

Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.

Rosalie School will strive to continue to provide our students with a caring and safe environment. We also strive to reflect the positive climate, morale, and standards of excellence that the public expects. Faculty and staff are committed to providing a quality education for all students in an inviting, nurturing and safe environment. The school celebrates successes by providing students with memorable events that encourage the love of learning. The building itself has become more aesthetically appealing inside and out through the addition of the new drive through awning and students' work displayed on the hall walls. School-wide thematic decorations are placed in the hallways to create a kid-friendly, academic atmosphere. The school provides a comfortable setting that is welcoming and parent-friendly.

Improvement Plan Stakeholder Involvement

Introduction

The responses should be brief, descriptive, and appropriate for the specific section. It is recommended that the responses are written offline and then transferred into the sections below.

Improvement Planning Process

Improvement Planning Process

Describe the process used to engage a variety of stakeholders in the development of the institution's improvement plan. Include information on how stakeholders were selected and informed of their roles, and how meetings were scheduled to accommodate them.

A variety of stakeholders were involved in developing the improvement plan. Rosalie's organizational structure ensures that employees have a voice in improvement initiatives. The School Improvement Team includes at least one parent, teacher, administrator, community member, and student representative. School Improvement team members will serve for a minimum two year term. Team members meet as necessary as well as attending School Improvement workshop sessions throughout the year. Parents, students and staff give input on yearly surveys to determine their perception of our school and our successes. We examine this data as part of the school improvement process to identify areas which need improvement. Staff members and administrator also analyze a variety of assessment data to determine which areas of instruction need improvement. The same School Improvement Team members were used to develop the ACIP and the Technology Plan for Rosalie School.

Describe the representations from stakeholder groups that participated in the development of the improvement plan and their responsibilities in this process.

The Leadership team is comprised of representatives from the school and community. The Leadership Team worked to develop the A-CIP and the Technology Plan. Team members include representatives from the school administration and faculty, student and parent population, and community. The principal and faculty members organized stakeholder meetings to discuss and analyze parent, student, and community survey responses.

The committee members:

- *Bill Shelton- Principal
- *Amy Shankles - Chairperson of Committee/Media Specialist
- *Stephani Wagener - Counselor
- *Debbie McRae - District School Improvement Specialist
- *Lindsay Reeves - Technology Representative/Mathematics Teacher
- *Alaina Moore - Instructional Coach
- *Chante Starkey - Special Education/Resource Teacher
- *Becky Hammonds - Gr. K-2 Teacher Representative
- *Shannon Moore - Gr. 3-5 Teacher Representative
- *Tissia Griffith- Gr. 6-8 Teacher Representative
- *Mary Carter - Community Representative
- *Victoria Cole- Student Representative
- *Austin Griffis- Student Representative
- *Patricia Gann - Parent Representative

Explain how the final improvement plan was communicated to all stakeholders, and the method and frequency in which stakeholders receive information on its progress.

Copies of the plan are available in the office and can be accessed through the Jackson County Schools District website at www.jackson12.org as well as the school website at www.jackson12.org/rosalie.

Student Performance Diagnostic

Introduction

The Student Performance Diagnostic provides an institution with a process to report summative student assessments. This diagnostic is significant to the accreditation and continuous improvement process as it serves as a resource for schools to view content area assessment results required by the state, district, or other entities, determine the quality and reliability of the given assessments, and show the alignment of the assessments to the school's curriculum. The performance level computed at the completion of the diagnostic is used by the external review team as a comprehensive report to understand fully the institution's assessment program; the diagnostic should be used in the same manner by the institution as it engages in improvement planning.

Evaluative Criteria and Rubrics

Overall Rating: 4.0

	Statement or Question	Response	Rating
1.	Assessment Quality	The array of assessment devices used by the institution to determine students' performances is sufficiently aligned so that valid inferences can be reached regarding students' status with respect to the entire set of curricular aims regarded as high-priority, "must accomplish," instructional targets. The documentation provided in support of this alignment is persuasive. All of the assessments used are accompanied by evidence demonstrating that they satisfy accepted technical requirements such as validity, reliability, absence of bias, and instructional sensitivity.	Level 4

	Statement or Question	Response	Rating
2.	Test Administration	All the assessments used by the institution to determine students' performances, whether externally acquired or internally developed, have been administered with complete fidelity to the administrative procedures appropriate for each assessment. In every instance, the students to whom these assessments were administered are accurately representative of the students served by the institution. Appropriate accommodations have been provided for all assessments so that valid inferences can be made about all students' status with respect to all of the institution's targeted curricular outcomes.	Level 4

	Statement or Question	Response	Rating
3.	Quality of Learning	Evidence of student learning promoted by the institution is well analyzed and clearly presented. In comparison to institutions functioning in a similar educational context, students' status, improvement, and/or growth evidence indicates that the level of student learning is substantially greater than what would otherwise be expected.	Level 4

	Statement or Question	Response	Rating
4.	Equity of Learning	Evidence of student learning indicates no significant achievement gaps among subpopulations of students, or the achievement gaps have substantially declined.	Level 4

Areas of Notable Achievement

Which area(s) are above the expected levels of performance?

According to the 2017 ACT Aspire Test, 78% of students in grades 3-8 scored at or above benchmark in the area of English.

Describe the area(s) that show a positive trend in performance.

According to 2017 ACT Aspire results, English continues to be the area of highest achievement with 78% of students in grades 3-8 scoring at or above benchmark. This is an increase of 8% over last year's results where 70% of students in grades 3-8 scored at or above benchmark.

Analysis of test results from 2014-2017 indicate positive trends for our current 8th grade in the areas of English, Reading, and Writing. Eighth grade students scored 70% in 2015, 82% in 2016, and 85% in 2017 in the area of English. This is an overall increase of 15%. In the area of Reading, 8th grade students scored 30% in 2015, 36% in 2016, and 40% in 2017 for an overall increase of 10%. In Writing, 8th grade students scored 22% in 2015, 50% in 2016, and 80% in 2017 for an overall increase of 58%.

Another positive trend was indicated with our current 7th grade in the areas of English, Reading, Science, and Math. In English, 7th grade students scored 70% in 2015, 81% in 2016, and 100% in 2017 for an over increase of 30%. In Reading, 7th grade students scored 17% in 2015, 33% in 2016, and 34% in 2017 for an overall increase of 17%. In the areas of Science, 7th grade students scored 30% in 2015, 43% in 2016, and 44% in 2017 for an overall increase of 14%. In Math, 7th grade students scored 41% in 2015, 43% in 2016, and 61% in 2017 for an overall increase of 20%. Another notable increase for 7th grade was in the area of Writing. Students scoring above benchmark in this area went from 0% in 2016 to 77% in 2017.

Which area(s) indicate the overall highest performance?

According to 2017 ACT Aspire results, English continues to be the area of highest achievement with 78% of students in grades 3-8 scoring at or above benchmark.

Which subgroup(s) show a trend toward increasing performance?

Current testing data could not provide subgroup information due to consistently low numbers in each subgroup per class.

Between which subgroups is the achievement gap closing?

There was no data available.

Which of the above reported findings are consistent with findings from other data sources?

STAR Math assessment results for our current 7th grade students are consistent with the scores from the 2017 ACT Aspire. ACT Aspire shows an increase of 20% on their math scores from 2015 to 2017. STAR also shows an increase from 2015-2016 with only 25% at or above benchmark to 47% at the end of the 2016-2017 school year. That's an increase of 22%.

Areas in Need of Improvement

Which area(s) are below the expected levels of performance?

Reading and science are the lowest scoring subjects on the 2017 ACT Aspire. Rosalie students scored 34% in reading and science, Rosalie students also scored below expected levels in the areas of writing and math. Students scored 35% in writing and 42% in math.

Describe the area(s) that show a negative trend in performance.

All subjects except writing and English showed a drop in performance on the 2017 ACT Aspire compared to the 2016 ACT Aspire. Reading scores went from 40% in 2016 to 34% in 2017. Science scores went from 40% in 2016 to 34% in 2017. Math scores went from 49% in 2016 to 42% in 2017.

Analysis of the 2017 ACT Aspire test scores from 2015-2017 indicated negative trends for fifth grade in the area of writing, sixth grade in the area of reading, and seventh grade in the area of science. Fifth grade writing decreased from 22% in 2015 to 0% in 2017. This was a decrease of 22%. Sixth grade reading decreased from 60% in 2015 to 34% in 2017. This was a decrease of 26%. Seventh grade science decreased from 54% in 2015 to 30% in 2017. This was a decrease of 24%.

Which area(s) indicate the overall lowest performance?

Reading and science are the lowest scoring subjects on the ACT Aspire. On the 2017 ACT Aspire, our students scored 34% on both reading and science.

Which subgroup(s) show a trend toward decreasing performance?

Current testing data could not provide subgroup information due to consistently low numbers in each subgroup per class.

Between which subgroups is the achievement gap becoming greater?

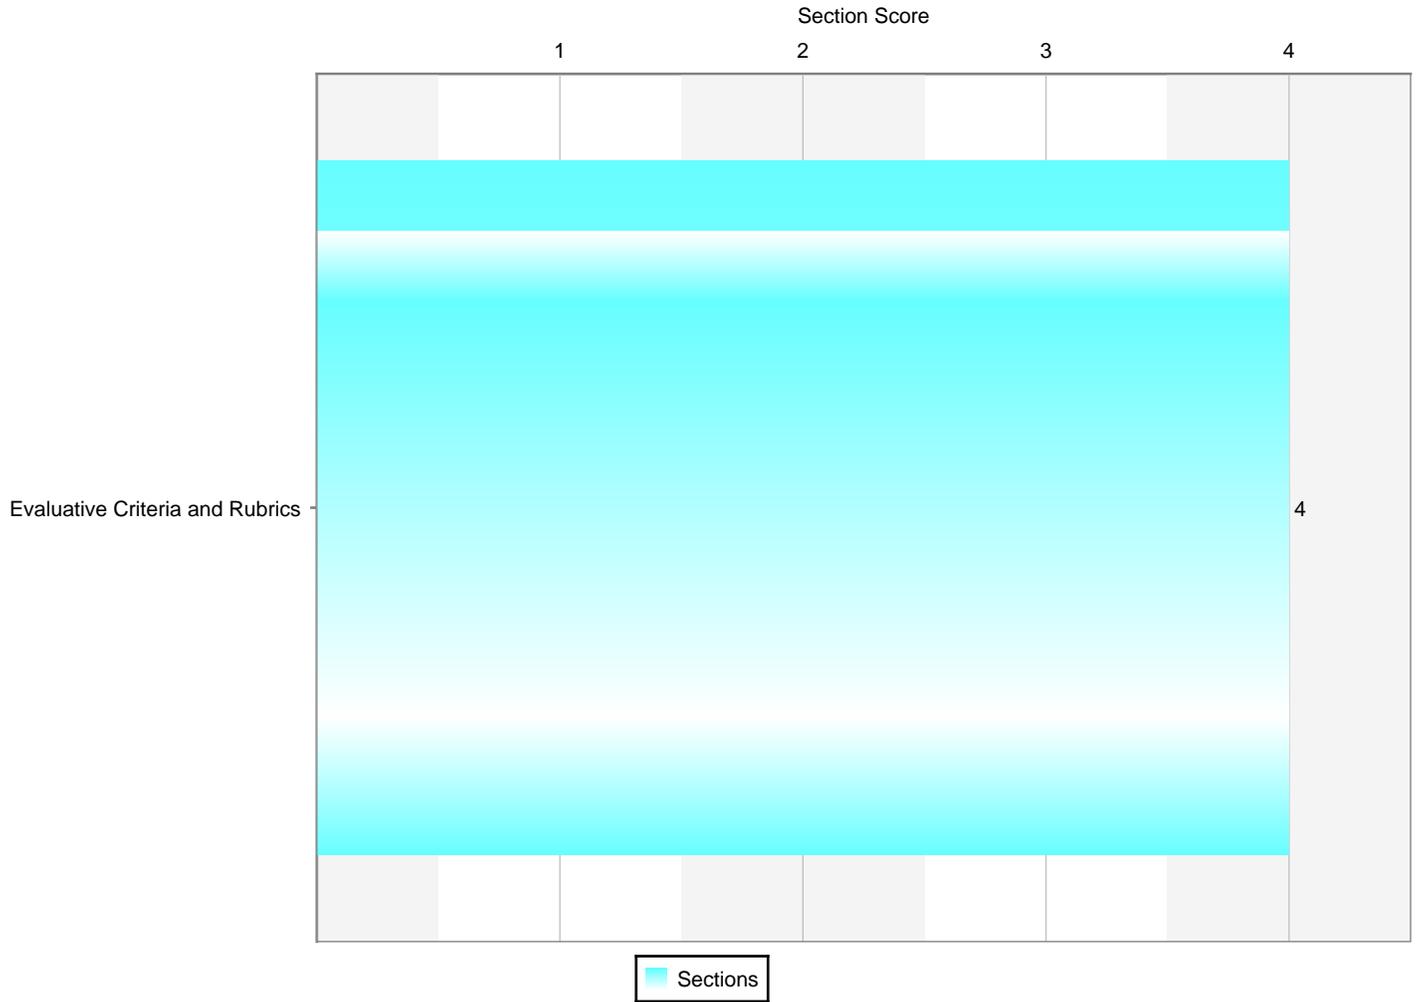

There was no data available.

Which of the above reported findings are consistent with findings from other data sources?

Both the ACT Aspire and STAR Reading show a need for improvement in reading. Students scored 34% in reading on the ACT Aspire and STAR Reading results show that only 34% of students in grades 3-8 are at or above benchmark. Students scored 42% on the ACT Aspire in Math and STAR math results indicate that 39% scored at or above benchmark.

Goals Summary

The following is a summary of the goals encompassed in this plan. The details for each goal are available in the next section.

#	Goal Name	Goal Details	Goal Type	Total Funding
1	Provide a rigorous and effective instructional program to ensure the academic growth of all students.	Objectives: 5 Strategies: 7 Activities: 16	Academic	\$0
2	Graduate College and Career Ready Students	Objectives: 2 Strategies: 2 Activities: 2	Organizational	\$0
3	Engage Parents and Community in the Educational Process	Objectives: 3 Strategies: 6 Activities: 9	Organizational	\$0
4	Ensure that all students have optimal instructional time and the support necessary to be successful in school while providing a unique climate and culture in which all students feel welcome, safe, and secure.	Objectives: 1 Strategies: 3 Activities: 7	Organizational	\$0

Goal 1: Provide a rigorous and effective instructional program to ensure the academic growth of all students.

Measurable Objective 1:

62% of Third, Fourth, Fifth, Sixth, Seventh and Eighth grade students will demonstrate a proficiency in comprehension in Reading by 06/30/2020 as measured by the required state mandated assessment.

Strategy 1:

Professional Development on Instructional Strategies for Teaching Reading - Professional Development will be provided on: instructional strategies which teach foundational skills and vocabulary development; effective questioning techniques which develop critical thinking skills; and the close reading skills that help students compare and contrast, summarize, annotate, make inferences, predict and draw conclusions, and writing from sources. The professional development will be provided through face-to-face sessions, book studies, blended learning, and teacher collaboration.

Stakeholder Feedback Diagnostic

Introduction

The Stakeholder Feedback Diagnostic is designed to analyze the institution's survey results in terms of areas of achievement and areas that need improvement. Further, the diagnostic is essential to the accreditation and continuous improvement processes in that it provides the institution with a comprehensive view of the aggregate scores of the surveys administered, and the actual total of respondents for each survey type to derive a single score for this diagnostic. The performance level score computed at the completion of the diagnostic is used to broaden and enhance the external review team's understanding of the stakeholder's perceptions of the institution; the diagnostic should be used in the same manner by the institution as it engages in improvement planning.

Overall Rating: 4.0

	Statement or Question	Response	Rating
1.	Questionnaire Administration	All required AdvancED questionnaires were used by the institution to receive stakeholder feedback. The minimum response rate for each population was met (parent questionnaire: equal to or greater than 20%, student questionnaire(s): equal to or greater than 40%, staff questionnaire: equal to or greater than 60%). Questionnaires were administered with complete fidelity to the appropriate administrative procedures. In every instance, the stakeholders to whom these questionnaires were administered fully represented the populations served by the institution. Appropriate accommodations were provided as necessary for all participants.	Level 4

Which area(s) show a trend toward increasing stakeholder satisfaction or approval?

Comparison to 2014-2016 Stakeholder Surveys:

ELEMENTARY:

Trends were noted in the following indicators over the 2014-2015 and 2015-2016 school years:

3.6 Teachers implement the school's instructional process in support of student learning.

5.4 The school engages in a continuous process to determine verifiable improvement in student learning, including readiness for and success at the next level.

Both of these indicators are compatible with indicators scored highly in the 2016-2017 school year and represent an on-going trend of elementary stakeholder satisfaction:

E8 My teachers care about students.

C1 In my school my principal and teachers want every student to learn.

D3 In my school my teachers want me to do my best work.

E1 My teachers help me learn things I will need in the future.

MIDDLE/HIGH SCHOOL:

Trends were noted in the following indicators over the 2014-2015 and 2015-2016 school years:

2.4 Leadership and staff foster a culture consistent with the school's purpose and direction.

5.4 The school engages in a continuous process to determine verifiable improvement in student learning, including readiness for and success at the next level.

Both of these indicators are also compatible with indicators scored highly in the 2016-2017 school year and represent an on-going trend of middle/high school stakeholder satisfaction:

D2 In my school, students treat adults with respect.

D3 In my school, the principal and teachers have high expectations of me.

E2 My school provides me with challenging curriculum and learning experiences.

G3 My school prepares me for success in the next school year.

STAFF:

Trends were noted in the following indicators over the 2014-2015 and 2015-2016 school years:

1.2 The school's leadership and staff commit to a culture that is based on shared values and beliefs about teaching and learning and supports challenging, equitable educational programs and learning experiences for all students that include achievement of learning, thinking and life skills.

1.3 The school's leadership implements a continuous improvement process that provides clear direction for improving conditions that support student learning.

2.1 The governing body establishes policies and supports practices that ensure effective administration of the school.

4.1 Qualified professional and support staff are sufficient in number to fulfill their roles and responsibilities necessary to support the school's purpose, direction, and the educational program.

Two of these indicators (1.2 and 4.1) are also compatible with indicators scored highly in the 2016-2017 school year and represent an on-going trend of staff stakeholder satisfaction:

C1 Our school's purpose statement is clearly focused on student success.

F1 Our school provides qualified staff members to support student learning.

PARENTS:

Trends were noted in the following indicators over the 2014-2015 and 2015-2016 school years:

No trends were indicated

However, there are several indicators that were scored highly in the 2015-2016 surveys that are compatible with results from the 2016-2017 surveys.

2015-2016 Highest scoring indicators:

3.9 The system designs and evaluates structures in all schools whereby each student is well known by at least one adult advocate in the student's school who supports that student's educational experience.

4.1 Qualified professional and support staff are sufficient in number to fulfill their roles and responsibilities necessary to support the school's purpose, direction, and the educational program.

4.3 The school maintains facilities, services, and equipment to provide a safe, clean, and healthy environment for all students and staff.

These indicators are also compatible with indicators scored highly in the 2016-2017 school year and represent an on-going trend of parent stakeholder satisfaction:

F1 Our school provides qualified staff members to support student learning.

E11 My child has at least one adult advocate in the school.

F3 Our school provides a safe learning environment.

Which of the above reported findings are consistent with findings from other stakeholder feedback sources?

These surveys are the only source of formal stakeholder feedback. The data used to establish our "areas of notable achievement" is a comparison of multiple stakeholder surveys from previous years. As previously stated, we also receive informal feedback on a daily basis from parents, staff and students, but it is difficult to compare such feedback because it is often not recorded or analyzed.

Areas in Need of Improvement

Which area(s) indicate the overall lowest level of satisfaction or approval?

The areas which indicate the overall lowest level of satisfaction for Elementary (Average Score: 4.73), Middle/High School (Average Score: 3.50), Staff (Average Score: 4.30), and Parents (Average Score: 4.40) are stated below:

Which area(s) show a trend toward decreasing stakeholder satisfaction or approval?

Comparison to 2014-2016 Stakeholder Surveys:

ELEMENTARY:

Trends in decreasing stakeholder satisfaction were noted in the following indicators over the 2014-2015 and 2015-2016 school years:

3.8 The school engages families in meaningful ways in their children's education and keeps them informed of their children's learning process.

3.10 Grading and reporting are based on clearly defined criteria that represent the attainment of content knowledge and skills and are consistent across grade levels and courses.

5.1 The system establishes and maintains a clearly defined and comprehensive student assessment system.

Only one of these indicators (3.8) is compatible with indicators scored low in the 2016-2017 school year and represent an on-going trend of elementary stakeholder dissatisfaction:

E5 My teachers ask my family to come to school activities. (3.8)

E7 My teachers tell my family to come to school activities. (3.8)

MIDDLE/HIGH SCHOOL:

Trends in decreasing stakeholder satisfaction were noted in the following indicators over the 2014-2015 and 2015-2016 school years:

2.1 The governing body establishes policies and supports practices that ensure effective administration of the school.

3.3 Teachers engage students in their learning through instructional strategies that ensure achievement of learning expectations.

5.5 Leadership monitors and communicates comprehensive information about student learning, conditions that support student learning, and the achievement of school improvement goals to stakeholders.

Two of these indicators (3.3, 5.5) are also compatible with indicators scored low in the 2016-2017 school year and represent an on-going trend of middle/high school stakeholder dissatisfaction:

E9 All of my teachers change their teaching to meet my learning needs. (3.3)

G2 My school considers students' opinions when planning ways to improve the school. (5.5)

STAFF:

Trends in decreasing stakeholder satisfaction were noted in the following indicators over the 2014-2015 and 2015-2016 school years:

3.3 Teachers engage students in their learning through instructional strategies that ensure achievement of learning expectations.

3.7 Mentoring, coaching, and induction programs support instructional improvement consistent with the school's values and beliefs about teaching and learning.

3.9 The system designs and evaluates structures in all schools whereby each student is well known by at least one adult advocate in the student's school who supports that student's educational experience.

Two of these indicators (3.3 and 3.7) are also compatible with indicators scored low in the 2016-2017 school year and represent an on-going trend of staff stakeholder dissatisfaction:

E16 In our school, a formal process is in place to support new staff members in their professional practice. (3.7)

E3 All teachers in our school regularly use instructional strategies that require student collaboration, self-reflection, and development of critical thinking skills. (3.3)

PARENTS:

Trends in decreasing stakeholder satisfaction were noted in the following indicators over the 2014-2015 and 2015-2016 school years:

3.3 Teachers engage students in their learning through instructional strategies that ensure achievement of learning expectations.

This indicator (3.3) is compatible with indicators scored low in the 2016-2017 school year and represent an on-going trend of parent stakeholder dissatisfaction:

E4 All of my child's teachers met his/her learning needs by individualized instruction. (3.3)

What are the implications for these stakeholder perceptions?

Based on the data results of the Stakeholder Feedback, several implications can be noted. Elementary students indicated a need for more parental involvement in their educational process. Rosalie School has strived to make improvements in this area and will continue to make every effort to ensure that parents are provided every opportunity to participate in school events and activities. Staff will also continue to ensure that parents are kept up-to-date on their child's progress through the use of weekly communications, progress reports, and report cards.

Middle/high school students indicate the need for teachers to change instructional techniques to meet student needs. Teachers participate in on-going professional development on instructional techniques and strategies that will help improve individualized instruction in the classroom. This group of students also indicated a desire to have their opinions considered in the school improvement planning process. Student representatives make up part of the Leadership Team. Additional efforts will be made to seek out the opinions of students when considering improvements to the school improvement plan.

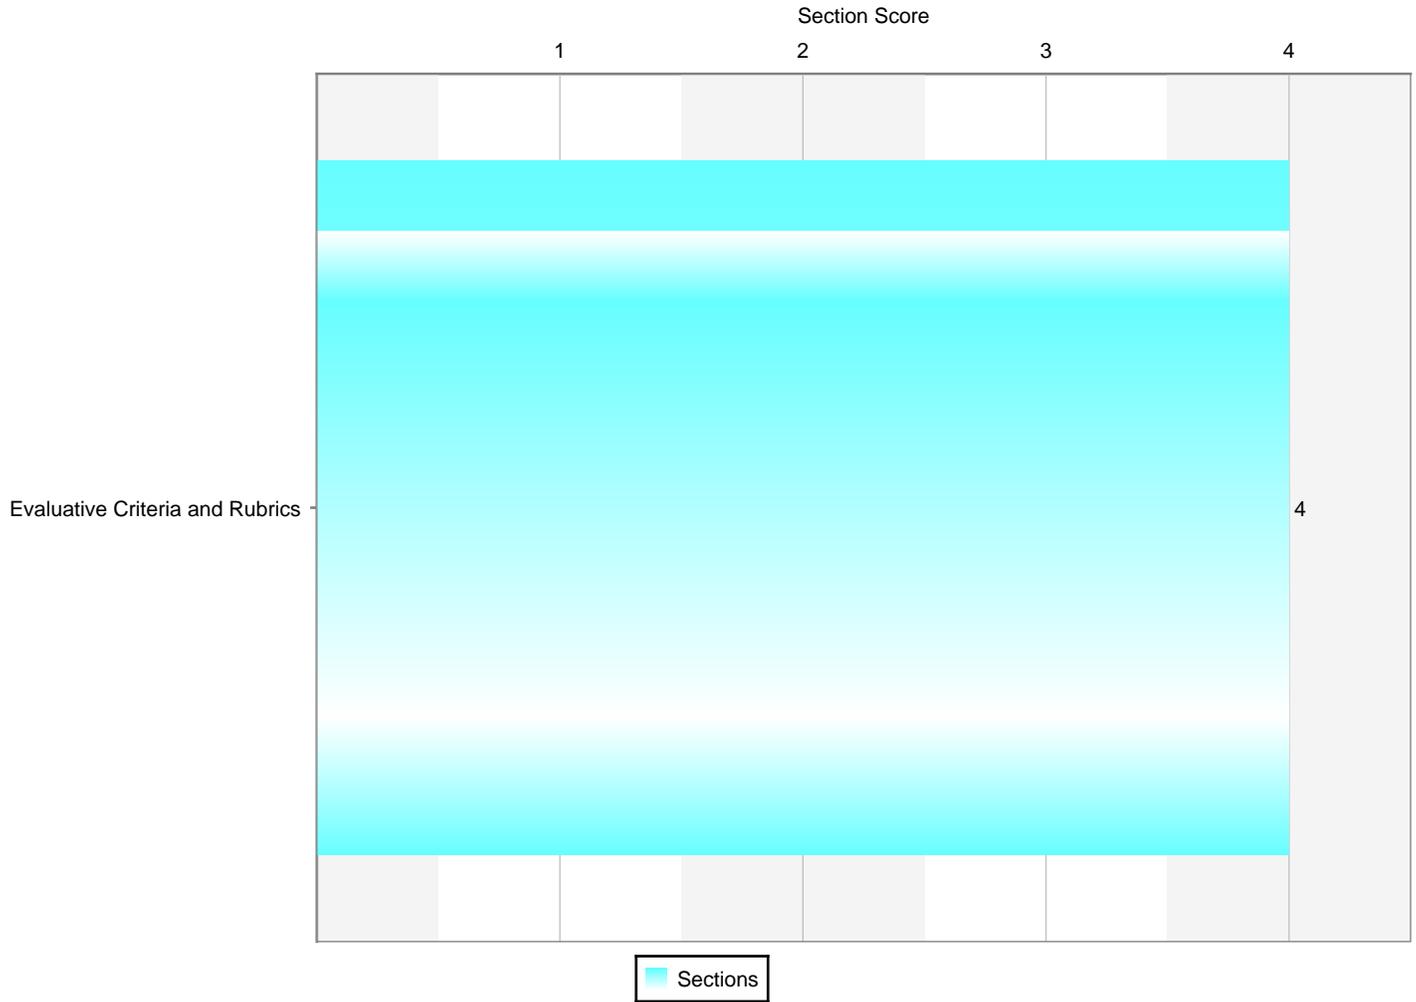

The staff indicated the need for a mentoring program for new teachers. The district is currently working on a plan to address this need. Parents and staff indicated a need for improved use of instructional strategies that require student collaboration, self-reflection, and development of critical thinking skills. On-going professional development at the district and school level will address this area of need.

Which of the above reported findings are consistent with findings from other stakeholder feedback sources?

These surveys are the only source of formal stakeholder feedback. The data used to establish our "areas in need of improvement" is a comparison of multiple stakeholder surveys from previous years. As previously stated, we also receive informal feedback on a daily basis from parents, staff and students, but it is difficult to compare such feedback because it is often not recorded or analyzed.

Report Summary

Scores By Section

2017-2018 Title I Schoolwide Diagnostic

Introduction

This diagnostic tool is aligned to the requirements for Title I Schoolwide School as described in section 1114, Every Student Succeeds Act (ESSA). The comprehensive needs assessment (CNA) requirement is met by completing a School Process Profile and Summary Report. The comprehensive needs assessment must be completed prior to creating a new plan or annually updating an existing school improvement plan. Use the results of the comprehensive needs assessment to develop Goals/Objectives/Strategies and Activities. Ensure that the Gap Statements and Causes for Gaps included in the Goals information address all four measures of data: student achievement data, school programs/process data, perceptions data (must include teachers and parents; student data is encouraged), and demographic data. The Comprehensive Needs Assessment must also take into account the needs of migratory children as defined in Title I, Part C, Section 1309(2).

Component 1: Comprehensive Needs Assessment (Sec.1114(b)(6))

How was the comprehensive needs assessment conducted?

Parent representatives, students, and faculty serve on the Continuous Improvement Planning Team. The Continuous Improvement Planning Team evaluates and analyzes multiple sources of data to address the following areas: academic, attendance, and discipline. Data includes assessment data from state mandated assessments, STAR Math, STAR Reading, stakeholder surveys, classroom observations, teacher and student attendance records, and discipline records. Parents, students, and community stakeholders are encouraged to complete surveys and contribute in the planning and reviewing process. All faculty members are active participants in the CIP process. Each part of the CIP is broken down and submitted to the faculty for continuous review throughout the school year.

What were the results of the comprehensive needs assessment?

The ACT Aspire results indicate several areas of weakness. The area of writing was the lowest with a score of 35%. Other areas of weakness include reading with 34%, math with 42% school-wide, and science with 34%. The ACT Aspire results also indicated an area of strength in English with a score of 78% school-wide.

The latest STAR Reading data shows that 34% of our students are at or above benchmark. This is a 14% decrease from the previous year. STAR Math data shows that 39% of our students are at or above benchmark. This is a 4% increase over last year's results.

Stakeholder feedback surveys indicate that stakeholders are satisfied with how our school has high expectations for students in all classes. Parents, staff, and students also ranked highly the provision of qualified staff members to support student learning. Other areas of satisfaction included a safe learning environment and a school's purpose clearly focused on student success. The areas of greatest need as indicated by stakeholder feedback surveys were that teachers need to improve how inform parents about how their child is being graded. Other areas in need of improvement include showing a relationship between what is taught and how it applies to the student's everyday life and parents feeling welcome at school events.

Attendance records indicate that 33% of instructional staff missed less than 10 combined sick/personal school days. Student attendance was 86.2% for the 2016-2017 school year.

Discipline records indicate few serious discipline issues at Rosalie School. Most are minor incidences such as classroom disruptions and not following teacher direction. There are fewer than 10 alternative referrals.

What conclusions were drawn from the results?

Based on the Comprehensive Needs Assessment, it is concluded that attendance is an issue and is currently being addressed. The number of unexcused absences has increased every year for the past three years and every unexcused absence represents lost instructional time. Our goal for last year was to reduce the number of unexcused absences from 15% to 12%. While we did not meet this goal, we managed to reduce unexcused absences by 1.17%. Our goal for this year is to continue to meet the 12% goal. Revisions have been made to our Advocacy Program to make it more effective at discouraging unexcused absences. We also held an Attendance Month in September to

encourage perfect attendance and a contest was held to see which class could have the lowest number of absences.

Academically, it is concluded that continued focus needs to be placed on improving reading and math scores. Mathematics teachers in grades K-8 have attended professional development training on the Eureka Math program. Teachers also have attended professional development on close reading strategies, text-based questioning techniques, and foundational reading skills.

The school continues to seek new and innovative ways to keep parents informed and involved in their child's academic achievement.

What information was concluded as a result of analyzing perception, student achievement, school programs/process, and demographic data?

Feedback from stakeholder surveys indicate a positive perception regarding our school. The area where we scored the highest by stakeholder groups was the area of qualified staff members to support learning and high expectations for students in all classes.

Areas in need of attention include the need to improve how we communicate the grading process and grades to parents and making a connection between what is taught in the classroom and everyday life. The ACT Aspire indicated needs within our curriculum that are currently being addressed through the adoption of the Eureka Math Program and professional development. The school programs/processes are constantly being evaluated throughout the school year and changes are made accordingly. Our special needs population has doubled in the past three years. The free and reduced lunch demographic has also increased in the past three year. For the past two years, all students at Rosalie Elementary have received free lunch.

How are the school goals connected to priority needs and the needs assessment?

Rosalie's school goals are based on a thorough analysis of stakeholder feedback, student performance, and school demographic data which allows us to address our priority needs. All goals, strategies, and activities address the areas of greatest concern based on the results of these needs assessments. Our goals address the need for greater student proficiency in the areas of reading and math, improved parental involvement, and an Advocacy Program designed to provide encouragement and support for academic growth for our students.

How do the goals portray a clear and detailed analysis of multiple types of data?

The goals reflect the areas that are determined to be the priority areas of need for our school. Achievement test data provided by the state mandated assessments as well as other assessments including STAR Reading and Math, individual classroom assessments, teacher observations, etc. are thoroughly examined to determine which areas indicate academic strengths and weaknesses. Stakeholder feedback surveys are also analyzed to determine perceived areas of strength and weakness among our student, faculty, and parent population. School demographic information such as attendance and discipline issues is also considered when determining areas of greatest concern.

How do the goals address the needs of the whole school population and special recognition to children who are disadvantaged?

Rosalie School provides opportunities to ensure growth and improved student achievement for all students. Professional development for all teachers is embedded in our goals to ensure that our teachers utilize instructional strategies that meet the diverse needs of all students and

will result in increased achievement for all students. We also address the need for an Advocacy Program in which every student in the school has an advocate to support and encourage their academic growth and general well being.

Component 2: Schoolwide Reform Strategies (Sec. 1114(7)(A)(i)(ii)(iii)(I)(II)(III))

Identify the strategies in the schoolwide plan that provide opportunities for all children, including each of the subgroups of students (economically disadvantaged; students from major racial and ethnic groups; children with disabilities; and English Learners) as defined in section 1111(c)(2) to meet the challenging State academic standards.

Goal 1:

Provide a rigorous and effective instructional program to ensure the academic growth of all students.

Measurable Objective 1:

62% of English Learners students will demonstrate a proficiency in comprehension in Reading by 05/29/2020 as measured by the required Alabama state assessment.

Strategy1:

Describe how the school provides individual student academic achievement results and interpretation of the results to parents of English Learners in a language they can understand.

Rosalie Elementary does not have any students with parents that do not speak English. If a need arises, the district will provide an interpreter to provide these services to the parents.

2.	Do all of the teachers meet the state requirements and licensing criteria for the grade levels and subject areas in which the teachers provide instruction? If no, what is the number that has not met state requirements and licensing criteria, and what is being done to address this?	Yes		

Describe how staffing decision ensure that highly qualified, well trained teachers provide instruction and how their assignments most effectively address identified academic needs.

Staffing decisions are based on teacher's area of certification. The principal and superintendent collaborate in staffing placements.

Component 4: Strategies to Attract Qualified Teachers (Sec. 1114(7)(A)(iii)(IV))

What is the school's teacher turnover rate for this school year?

The teacher turnover rate for this year is 6.66 percent.

What is the experience level of key teaching and learning personnel?

Nine out of sixteen certified personnel have a Master's degree. Five have a Bachelor of Science degree and two have an Education Specialists degree. The staff overall has a high level of experience. Seven out of fifteen classroom teachers have twenty plus years experience in education. Six have ten plus years experience and one teacher has five plus years experience. The principal has twenty plus years experience and the counselor has ten plus years experience.

If there is a high turnover rate, list initiatives the school or school district has implemented to attempt to lower the turnover rate (recruitment and retention strategies).

Recognizing that high-quality teachers are necessary for students to achieve at a high level, Rosalie Elementary works in cooperation with the Jackson County Superintendent to recruit teachers who have proven to be high-quality educators or who have credentials necessary to become high-quality educators. Rosalie Elementary benefits from district initiatives to attract and retain highly qualified teachers which include a competitive salary schedule, progressive technology in schools, and comprehensive professional development.

Component 5: High Quality and Ongoing Professional Development (Sec. 1114(7)(A)(iii)(IV))

Describe how data is used from academic assessments to determine professional development.

Rosalie Elementary staff, along with district representatives, evaluate multiple academic assessments throughout the school year. Strengths and weaknesses are identified to determine professional development opportunities needed to ensure academic success for all students.

Identify the professional development opportunities for teachers, principals, paraprofessionals, and other school personnel to improve instruction.

Professional development activities included in the school-wide plan include:

- a) Secondary mathematics teachers will have an opportunity to participate in self-paced, online professional development on the conceptual strategies of Eureka Math, a standards based program.
- b) Grades 4-12 science teachers will participate in AMSTI training about the new Alabama Science Standards.
- c) New K-8 ELA teachers and content area teachers will participate in close reading strategies and text-based questioning techniques that foster critical thinking skills.
- d) K-3 classroom teachers will receive PD from the instructional coach on teaching foundational reading skills.
- e) Teachers in grades K-8 who are unfamiliar with required state assessments will participate in PD designed to help teachers interpret summative assessment data based on required state assessments.
- f) Math teachers in grades K-8 will participate in face-to-face PD on strategies used in standards-based Eureka Math.

Identify the teacher mentoring activities included in the schoolwide plan. For example, new or inexperienced teachers are given support from an assigned master teacher.

Rosalie School teachers are mentored by experienced teachers within the building. Teachers also participate in a mentoring program offered through the district.

Mentoring activities:

- a) New K-8 ELA teachers and content area teachers will participate in close reading strategies and text-based questioning techniques that foster critical thinking skills.
- b) Teachers in grades K-8 who are unfamiliar with required state assessments will participate in PD designed to help teachers interpret summative assessment data based on required state assessments.

Describe how all professional development is "sustained and ongoing."

Many strategies are utilized to identify professional development needs at Rosalie School. The school administrator and school faculty analyze state and local assessments to determine areas of academic weakness. Parents, students, and teachers participate in surveys that
SY 2017-2018

provide stakeholder feedback. This data is compiled and analyzed by the school administrator and district level administrators to develop professional development activities that are high-quality, effective, and address the needs of students and school faculty.

Professional development activities are provided in the summer and throughout the school year. Professional development opportunities are designed to maximize time and expenditures. All professional development must be high-quality and classroom-focused in order to have a lasting impact on classroom instruction and teacher's performance in the classroom.

Professional development opportunities are designed to maximize time and expenditures.

All professional development must be high-quality and classroom focused in order to have a lasting impact on classroom instruction and teacher's performance in the classroom.

Component 6: Transition Strategies (Sec.1114(7)(A)(iii)(V))

Identify the strategies in the schoolwide plan that support and assist students in transitioning from one grade level to the next. For example, preschool preparation for Kindergarten and/or eighth grade transition to high school and/or high school to college/work force.

Goal 1:

Graduate College and Career Ready Students

Measurable Objective 1:

collaborate to reach a graduation rate of no less than 90% for all schools by 06/01/2020 as measured by the standards set by the state of Alabama for receipt of high school diploma.

Strategy1:

Transition Processes - Rosalie School, a feeder school to Pisgah High School, will develop, evaluate, and/or enhance the transition processes which support students as they transition from school to school.

Category: Implement Guidance and Counseling Plan

Measurable Objective 2:

collaborate to provide the academic and career technical programs that ensure that 100% of the students in the Class of 2018 will graduate with college and career ready credentials by 05/31/2020 as measured by the Alabama State Department of Education Accountability Program.

Strategy1:

Supporting the Development of Viable Education and Career Plans for Students - All students will develop a career plan by grade eight that is appropriate, attainable, and adaptable. These career plans will be implemented and adapted as the students progress through high school as needed to meet the needs of the students.

Support will be provided for school counselors and the students as they work through the process of developing the career plans.

Component 7: Teacher Participation in Making Assessment Decisions (Sec.1114(b)(2))

What measures are in place to include teachers in decisions regarding the use of results of statewide academic assessments?

As soon as test data is disseminated to the schools, Rosalie's teachers and administrator meet to review standardized test scores. Current grade level data is discussed to discover areas of weakness that could be improved in the upcoming school year. Individual student data is also discussed to identify students that may need additional academic assistance in the classroom. Individual classes are tracked each year in order to provide a more comprehensive analysis of class performance from 3rd grade until the class graduates in 8th grade. The data is then used to determine instructional goals.

Component 8: Timely and Additional Assistance to Students Having Difficulty Mastering the Standards (Sec.1114 (7)(A))

What is the process to identify students who experience difficulty mastering the State's academic achievement assessment standards at an advanced or proficient level?

End-of-the-year standardized test results are analyzed to determine which students have not successfully mastered academic achievement standards. Additionally, Global Scholar is given three times a year to students in grades K-8 to measure student skills in reading and math. Classroom teachers progress monitor every 2-4 weeks based on student needs. Instruction is differentiated based on these assessments and students receive Tiered Instruction based on needs. Teachers monitor student performance each week to adjust instruction and seek additional support as needed. Students consistently not meeting goals and/or who have a D or F are referred to the PST for additional support.

After students are identified by the PST, student progress is monitored through Tier III Instruction for a period of time and improvements should be noticed. If improvements and gains are not noticed, the PST will make a referral to the special education department on behalf of the student. At this point, the special education referral process begins.

How is timely, effective, additional assistance provided to students who are experiencing difficulty mastering the State's academic achievement assessment standards at an advanced or proficient level?

Classroom teachers provide Tier I and Tier II instruction within the classroom. Students with greater needs are then offered additional support in order to master the standards. This instructional support is provided by an additional classroom teacher or the reading specialist. This is Tier III and is documented daily by Rosalie staff. In addition, classroom teachers implement a Title I Schoolwide Timely Assistance Program. Students who score 69 or below in the classroom receive additional instructional strategies by the classroom teacher. If a student scores 59 or below additional instructional strategies are implemented and parents are consulted.

Describe how the school provides opportunities for the most academically needy students to receive support and reinforcement of academic skills BEYOND THE REGULAR SCHOOL DAY.

At this time, due to a lack of funds, there are no academic programs beyond the regular day. The school faculty assists in the ordering of materials to reinforce specific skills from the Parent Resource Center for parents to use at home with their child and encourages parents to visit the Center for additional assistance and resources.

Describe procedures used to address challenges for each group of Migrant, English Language Learners, Economically Disadvantaged, Special Education, Neglected and/or Delinquent, and Homeless Students.

All homeless, migratory and limited-English proficient students must have equal access to the same free, appropriate public education,

including preschool education provided to other children and youth. All homeless, migratory, and limited-English proficient students are provided with the opportunity to meet the same challenging state content and state student performance standards to which all students are held without being stigmatized or isolated.

Migrant and English Language Learners :

- We currently have no migrant, homeless, or limited English proficient students. In the event of enrollment of students classified as such, we will implement the appropriate policy as set forth by the Jackson County Board of Education.

Economically Disadvantaged, Neglected and or Delinquent, and Homeless Students may receive the following as needed:

- Free and reduced meals (All students at Rosalie School are offered free meals during the 2017-2018 school year.)

- Counseling

- Clothes closet

- Provided school materials

Special Education:

Resource Teacher

Special Populations as listed in the Carl D. Perkins Career and Technical Education Act of 2006 - Describe procedures used to address challenges for each group of individuals with disabilities, individuals from economically disadvantaged families (including foster children), individuals preparing for non-traditional fields, single parents (including single pregnant women), displaced homemakers, and individuals with limited English proficiency.

We are an elementary school and do not receive funds in this area.

Component 9: Coordination and Integration of Federal, State and Local Programs and Resources (Sec.1114(b)(V))

List the State, Federal and local programs that are consolidated/coordinated in the schoolwide program and describe how all programs and resources are coordinated and integrated toward the achievement of the schoolwide goals.

Educational services will be coordinated and integrated to target improved student achievement most effectively. Ongoing collaboration across programs and alignment of state, local, and federal efforts will increase effectiveness, eliminate duplication and combined services. At each school, funds from a variety of sources will be used to implement the overall school improvement plan.

Title funds will provide academic programs to assist students to meet the state standards and coordinate with other educational services to ensure that the needs of students are met. Special education students are eligible for Title services on the same basis as other students. Title funds are also used to ensure that immigrant, migratory and/or homeless children will receive proper services in the event of their enrollment in the system.

Professional development activities will help teachers encourage students to further advance in the upper levels. Effective professional development will be funded by utilizing monies from Title I, Title II, state and local funds. The county-wide School Improvement Specialist will also provide professional development to teachers on strategic teaching. Student performance on state assessments will serve all the overall evaluation of the effectiveness of professional development. Teacher surveys and voiced opinions will also be used to evaluate the effectiveness of the activities.

How does the school coordinate and integrate the following Federal, State and local services in a manner applicable to the grade level to support achievement of the schoolwide goals: violence prevention programs, nutrition programs, housing programs, Head Start, adult education, career and technical education programs, and schools implementing comprehensive support and improvement activities or targeted support and improvement activities under section 1111(d)?

All Jackson County Schools are served by Title I.

Educational services will be coordinated and integrated to target improved student achievement most effectively. Ongoing collaboration across programs and alignment of state, local, and federal efforts will increase effectiveness, eliminate duplication and combine services. At each school, funds from a variety of sources will be used to implement the overall school improvement plan.

Rosalie School coordinates and integrates funds from the Child Nutrition Program to provide breakfast and lunch daily to students. Students are provided an opportunity to apply for Free/Reduced priced lunches and applications are processed at the Central Office to determine eligibility. While no funds are received for violence prevention, efforts at the school level focus on maintaining healthy and safe environments. All other funding sources mentioned in the question are not applicable to Rosalie.

Component 10: Evaluation (Sec.1114(b)(3)):

How does the school evaluate the implementation of the schoolwide program?

The school leadership team reviews the previous year's Continuous Improvement Plan to assess the implemented strategies that were utilized. In an effort to determine areas of need to be included in the current plan, the school leadership team, school staff, and stakeholders begin analyzing information from a variety of data sources including parent and student surveys, standardized assessments, and other school records. The information collected from this data is then used to determine necessary changes for the upcoming school year. Evaluations of the CIP are systematic, ongoing and timely. Parents are involved in the joint development of the plan. We celebrate our achievements and address the areas that need improvement. Before September, all parents receive a written invitation to attend the annual Title I parent meeting to hear about our school. Open communication is the key. Keeping parents informed of events taking place in the school is of utmost importance.

How does the school evaluate the results achieved by the schoolwide program using data from the State's annual assessments and other indicators of academic achievement?

Rosalie School administration and staff collect and analyze data in order to accurately assess school-wide needs. Immediately after state assessment data becomes available, the administrator and staff begin analyzing and discussing student data to identify areas of strengths and weaknesses. The total school program is evaluated and plans are made to target areas of greatest need. Global Scholar assessments are also used throughout the school year to determine effectiveness of instruction and determine areas in which additional instruction is needed (Tier II and Tier III).

How does the school determine whether the schoolwide program has been effective in increasing the achievement of students who are furthest from achieving the standards?

Teachers use a framework which provides highly qualified, differentiated instruction, early and often, in the general education classroom. Once Tier I and Tier II instruction is given in the classroom and the teachers determine that the student is not making progress, the teacher refers the student to PST. The PST assists the classroom teacher in designing and choosing strategies for improving student academic performance. The team's purpose is to develop academic and instructional strategies that are research based and have a high probability of success. Classroom teachers continue to monitor students to gather student data that will drive instruction. RTI Data is used to determine if the achievement of the students in Tier III intervention is successful. Special education referral process is initiated when students continue to regress. The IEP of the students are evaluated annually to determine progress and revise goals.

What process is followed by the school to revise the plan as necessary, based on the evaluation, to ensure continuous improvement of students in the schoolwide program?

Rosalie School administration, staff, and stakeholders review the previous year's Continuous Improvement Plan to assess the implemented strategies that were utilized. Revisions to the CIP are made as necessary to ensure that all school goals and standards are met to ensure

student success.

2017-2018 Parent and Family Engagement

Introduction

All Title I Schoolwide and Targeted Assistance Schools must complete the following diagnostics: the Stakeholder Feedback Diagnostic, the Parent and Family Engagement Diagnostic, the Coordination of Resource/Comprehensive Budget Diagnostic, and EITHER the Title I Targeted Assistance Diagnostic OR the Title I Schoolwide Diagnostic. Parent Survey must be done annually, but it can be done electronically or by paper.

Parent and Family Engagement

Describe how the school will convene an annual meeting to inform parents of the school's participation in Title I and explain Title I requirements, including the 1% set-aside, and the right of parents involved. (Sec. 1116(c)(1))

During the start of each school year, the Principals at all Jackson County Schools, when scheduling allows, are assisted by the Parental Involvement Consulting Teacher, during Back to School Nights, Open House, etc. in which the Annual Title I Meeting is held. During this time, information explaining participation and requirements of Title I, 1% set asides, and Parents Rights to be involved are discussed in detail. A meeting was held at Back to School Night on 8/29/17. A second meeting will be scheduled for Spring 2018.

Describe: 1) How there will be a flexible number and format of parent meetings offered, such as meetings in the morning or evening, and may provide, with funds provided under this part, transportation, child care, or home visits, as such services relate to parental involvement; 2) How parents will be involved in the planning, review and improvement of the Title I Program (Note: State the school's process for how all Title I parents have the opportunity for involvement in decision-making.); and 3) How funds allocated for parent involvement are being used in the school. (Sec. 1116(c)(2)(3))

1) The Parental Involvement Consulting Teacher conducts a minimum of two meetings a year at each Jackson County School. One meeting is scheduled during the day and the other is scheduled at night to provide flexible hours to meet the needs of working parents. Also, where there are high numbers of Spanish speaking families, an interpreter will also be provided. Transportation, child care, and home visits will be provided if needed.

2) The Federal Programs Advisory Committee is comprised of parents, teachers, administrators, and community members. The purpose of this committee is to utilize federal funds to provide the maximum benefits to all students of Jackson County. The committee discusses strategies, various federal programs available, and budgets allotted to fund them. All committee members are given the opportunity to offer opinions and suggestions. Parents may view the Title I Plan on the district website and a hard copy is available upon request.

3) All principals in Jackson County agree to combine their allocated Parental Involvement Funds to allow the Federal Programs Consulting Teacher to be responsible for all Parental Involvement activities. These funds include not only her salary, but also maintaining materials and supplies for both the Parent Center and fulfilling parent requests for additional resources.

Describe how the school provides parents of participating children timely information in a uniform format and, to the extent practicable in a language they can understand, about programs under Title I, a description and explanation of the curriculum in use, forms of academic assessments, and achievement expectations used, and, if requested by parents, opportunities for regular meetings to formulate suggestions and participate as appropriate in decisions related to the education of their children. (Sec. 1116(c)(4)(A)(B)(C))

All documents related to Federal Programs are made available in both English and Spanish. Interpreters are available at schools with high Spanish speaking populations to further assist in any other explanations necessary. Information regarding curriculum, classroom standards, homework policies and assessments are provided in the Jackson County Schools Student Handbook. All students receive a handbook on the first day of school and must return the Parental Acknowledgement form which is filed in their cumulative records. Parents are provided with
SY 2017-2018

additional information throughout the school year, i.e., progress reports, report cards, assessment reports. Progress reports are sent home every 4.5 weeks and report cards are sent home every 9 weeks. Teachers make at least one parent contact per semester/year. Parents may request a conference to voice any concerns or suggestions related to the education of their child.

Describe how parents, the school staff, and students share responsibility for improved student academic achievement for participating students (How the School-Parent Compact is jointly developed with Title I parents; how it is used, reviewed, and updated). (Sec.1116(d))

Each school in the Jackson County School system has a local committee, the Leadership Team, comprised of parents, teachers, administrators, and community members. The committee is responsible for designing, implementing, and evaluating Parental Involvement Plans, Student Parent Compacts and the Continuous Improvement Plans for each LEA.

Describe procedures to allow parents to submit comments of dissatisfaction with the Continuous Improvement Plan. (Sec. 1116(c)(5))

Contact information for both the Jackson County Board of Education and the Alabama State Department of Education are provided and are made available on the Jackson County School District website. Here is a copy of the statement provided.

"If you have any comments or concerns, you may call the Jackson County Board of Education at (256) 259-9500. If you desire to talk to someone at the Alabama State Department of Education you should call the Federal Programs Section at (334) 242-8199."

Local contact person is Mr. Mark Guffey, Federal Programs Supervisor, email at guffeym@jackson.k12.al.us and/or Mr. Chris Davis, Special Education Supervisor, email at davisc@jackson.k12.al.us.

Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See ESSA Sec. 1116, requirements for building capacity and parental and family engagement).

To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:

Shall provide materials and training to help parents to work with their children to improve their children's achievement, such as literacy training and using technology, as appropriate, to foster parental involvement. (Describe)

The Federal Programs Parental Involvement Consulting Teacher will conduct parent meetings and offer training sessions covering many topics designed to aid parents in becoming more involved in their child's education. If a principal has a specific need at his/her school the Consulting Teacher will ensure that the topic is discussed. The Consulting Teacher conducts one parent meeting per semester at times convenient for all parents to attend. Flyers of upcoming meetings and training sessions will be distributed on a timely basis to ensure parents are afforded the opportunities for participation. Newsletters for parents of elementary, middle, and high school students containing valuable

and age appropriate strategies for better parenting are distributed monthly. Parents can also access the school website to stay informed and involved with the school. Also, where there are high numbers of Spanish speaking families, an interpreter will also be provided to assist parents.

Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See ESSA Sec. 1116, requirements for building capacity in parental involvement.)

To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:

Shall educate teachers, office personnel, and other school staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school. (Describe)

The Federal Programs Parental Involvement Consulting Teacher operates the Jackson County Schools Parent Center which contains videos, games, books, and other educational resource tools for both parents and teachers to check-out. When parents are unable to come to the center, the Consulting Teacher will deliver requested materials to the school for the parent to pick up.

Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See ESSA Sec 1116, requirements for building capacity in parental involvement.)

To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:

Shall to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other federal programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.(Describe)

Rosalie School works with its teachers through book studies, faculty meetings, and in-services on understanding the importance of parental involvement. A parent newsletter is distributed three times a year, and workshops are conducted regularly by the County Parent Center. Teachers are required to keep I-Now up to date and strive to maintain contact with all parents of students in their classroom. Throughout the year, several events are held at the school. Parents are encouraged to attend.

Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See ESSA Sec. 1116, requirements for building capacity in parental involvement.)

To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:

Shall ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand. (Describe)

Rosalie Elementary School will accomplish much of this through its annual Parent's Meeting held at the beginning of the school year. At that time, parents will be given an overview of the state academic content standards, academic achievement standards, and assessments. In addition, an explanation will be given regarding Title I and how parents have the right to be involved in their children's education. Teachers conduct individual parent meetings throughout the year to discuss individual class assessments and what the parents' role will be in helping their children succeed.

The Parental Involvement Consulting Teacher assists the principal in providing information to the parents about programs and resources available to encourage and support parents in participating in the education of their child.

Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See ESSA Sec. 1116, requirements for building capacity in parental involvement.)

To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:

Shall provide such other reasonable support for parental involvement activities as parents may request. (Describe)

The Jackson County Board of Education provides each student with a Student Handbook at the beginning of each school year. The handbook provides clear, detailed descriptions of rules, regulations, and expectations that are set by the Jackson County Board of Education. At the beginning of each school year, a parent meeting is held at every school in which the Title I Program is explained to parents. During this meeting, the need for parental involvement is explained with the desire to foster positive family and community relationships. Parents are given the opportunity to voice concerns and ask questions. A letter explaining the materials available at the Parent Center is sent home at the beginning of the school year inviting parents to use the facility. Newsletters with age-appropriate activities are sent to the parents each month. These letters, available in English and Spanish, can also be found on the Jackson County website.

Describe how the school will ensure the provision for participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children), including providing information and school reports required under section 1111 in a format and, to the extent practicable, in a language such parents understand. (See ESSA Sec. 1117(f))

Rosalie Elementary School is prepared to provide opportunities for the participation of all parents. Although we have no parents with limited English proficiency or any parents of migratory students, we are prepared to help the parents by following the policies set forth by the Jackson County Board of Education. Every effort will be made to accommodate parents with disabilities so they are able to play a participatory role in the education of their child. Rosalie Elementary School is a handicapped-accessible building with handicapped parking spaces, ramps, and restrooms. Parents are made aware of the Parent Center by flyers sent out and materials distributed monthly.

Parents can call the Parent Center and request materials that will be helpful to work with their children. Materials can be delivered to the school to go home with the child or parents are invited to come to the Parent Center to look at all materials available
