Welcome to Jackson County Schools

From the Desk of the Superintendent

Dear Families, Students, and Community Members,

It is with great excitement and pride that I welcome you to the Jackson County Schools community! As your Superintendent, I am honored to be a part of such a dedicated and vibrant group of educators, students, parents, and community members who are all committed to the success and well-being of our children.

Our mission is simple: Learn Today, Lead Tomorrow. We believe that every child deserves a safe, supportive, and challenging environment where they can grow, explore their passions, and build the skills they need to succeed in a rapidly changing world.

We are committed to continuous improvement and to ensuring that each student receives the high-quality education they deserve. We encourage and value your partnership in this journey. Your input, support, and involvement in the educational process make a lasting difference in the lives of our students.

Thank you for being a vital part of our Jackson County School District family. I am proud to serve as your superintendent, and I look forward to an outstanding school year ahead!

Sincerely,

A. Jason Davidson
Superintendent
